

THE BUILDING

Dealing with Demon Influences - Part Three

Many do not think that demons are in a place such as a church building. They would believe that due to the blood of the Great King, there could not be a demon that would be able to enter. But think about this: The Great Holy Spirit lives within a person who has received King Jesus as Lord and Savior and is within the spirit part of a person. Doesn't this mean that there is a way for a demon to move into a place such as a church building?

Any building can be a place to worship God. Just as this is so, this also means that any building can be a place where people would come and bring in their demons within them. People do not see that the body can have a demon when the Great Holy Spirit lives within the spirit part—but this way is a way that most would say could not happen. But it is taking place in the people given a way to live in the plan of the Great King Jesus through eternal life.

Ask most in a house, referring to a church way, and find out if any suffer from demons in any way, shape, or form. Would they be able to speak honestly concerning what is taking place? Would the preacher know what will need to be done if a person in their church building said that demons were tormenting them? Who would you call? Would you move to pretend that demons are not real? Would you just speak a prayer over the person, hoping it “works”?

What would be the solution you would bring to those who would even dare speak to you concerning these details? Know that you do not have to be in a position where you have no training or knowledge in moving in deliverance sessions. You can know this day that the will to embrace is to preach the Kingdom and give it to the people to drink.

King Jesus worked in the three years of the earthly way, moving in expelling demons. Look through the Gospels, and drink of His ministry. Expelling demons was a significant part of healing a person. But here is where the human makes a major mistake in dealing with demons: They would use a cookie-cutter method, thinking that if a demon came out in one way, then surely the same method is good to do in all cases.

Assumptive behavior is dangerous due to demons moving in various ranks in their demon structure. You must be equipped to take on that demon. How would you know if you have the tools to bring this demon against you to a place where they must submit to the authority in the name of King Jesus? Surely, the only One to know you in true detail would be the Great Holy Spirit.

People will be able to drink a moving from the Great King Jesus to know of you in a way that is spiritual, yet they truly will not know the full way you move in the Kingdom of the Great King Jesus unless He chooses to bring complete understanding to your spirit. This would be rare due to the nature that we can move in—to bring a person to shame if we have full knowledge to know their way. The Great Holy Spirit would bring a needed revelation concerning how you move in the Kingdom of the Great King Jesus.

Now, why will not just saying the name *Jesus* be enough to get a demon to leave? This is due to there being different protocols in actions in the unseen. You can move to take up various levels of authority in the Kingdom of the Great King Jesus. Every believer will not have the same level of authority, nor will every believer move to use the same gifts, anointing, or take up offices, or move to have spiritual licenses to get the demons of all levels to submit to their detail.

There are various Scriptures in the Word of the Great God Jehovah that will cover even dealing with Satan himself, regardless of your authority level in the Kingdom. Now, why is this? This authority comes due to the Word being your way of defense against the demons that move into position against you.

You have a very powerful weapon to use in the unseen way, yet the people move to think it is just a book of stories to read in the church building, to teach people what the details would be in the character's way. If there was a moving in the person's heart to embrace the Word of the Great King and look to the teachings to see profound principles, there would be a way to learn how to walk in Kingdom living on Earth.

What would take place if people would speak the Word instead of moving to speak a will that is not pleasing to the Great King? Do the people know of actual power given in the Word when released into the atmosphere? Your greatest weapon is the Word of the Great God Yahweh. There is no greater way to move in the unseen.

Here is where you would pick up the tools and move in using the gifts to compliment the Word. Along with using the tools and gifts, you would drink King Jesus to know strategic battle plans, to bring a way to victory in the field assigned to work. It is learning through teachings done by the avenues the Great Holy Spirit would bring you.

Most would not have a direct training session with Yahweh to deal with the unseen realm, but there is a way to learn based on what the Great Holy Spirit would bring you to learn through those He would place in the church's leadership positions. This is so you would be well-equipped. But most in the leadership would not know what to say to a Christian influenced by demons.

Now is the time for the Body as a whole to look to the Great King for wisdom and insight into what really takes place. "There is only our earthly plan to live," they would say. But if this is the will they would drink, then they will have to say that the Bible is false and that it is not truly from the Great King, who would reveal His will in this way of the unseen.

Look in the Scriptures and see how God used His created unseen world to work with humans in earthly details. Look just in the Book of Revelation and see how the full way

is a major interaction with angels, demons, humans working with the Great King. This detail is major interaction, where there is a way of great strength that is moving.

The Book of Revelation is not figurative; there will be major movements of tribulations and destruction. There will be people who will turn to the Great King, even during the spiritual war. It is a war against the ways of Satan in the earth, as he will move to bring in havoc and destruction, as foretold in the Scriptures. But we know that his moving of demon influence will be destroyed when the Great King Jesus returns to end the war phase by destroying the moving of Satan through his demon-filled human vessels.

Satan will be placed in the bottomless pit for a season and then released to raise a fist against the Great King Jesus—to no avail of a victory. He will be put into the lake of fire, along with his demons, and will be tormented forever.

There will be a day when there will be no war against demons, but what should you do in the plan to bring in a great harvest of souls for the King? You know that taking the Gospel to the people is an automatic way to move to be in a position where you will move to be attacked by the enemy. But do not fear; you are with great protection as a child of the King.

Now, what you need to do is learn who you are in the unseen way. This would require asking the Great Holy Spirit to reveal His plan in your life. You should know what gifts have been given for you to use in Kingdom living and begin to use them when the Great Holy Spirit leads you to do so.

Learn your purpose. What were you born to do? Ask the Great Holy Spirit to reveal it so you can grasp it. We know that all believers are mandated to win souls for the Kingdom. Is there a specific way Yahweh gives you to bring in this way of ministry?

Once you know what God has called you to do, you would move to learn it. Yes, some will endure deep discipline to remove the stubbornness to work in the Kingdom

effectively. As you drink the plan that you will embrace from the Great King, He will bring you people to help you grow so that you would move to have deep spiritual roots in learning the faith of the Kingdom.

Faith is a critical part of walking out Kingdom living. Without faith, you will not be able to please God. It is moving on details you cannot see, yet there is faith with you to believe and move to do the will of the King with your natural living. This is faith: to move to do the will of the Great King—with Him just speaking it to you. This is learning to move into Kingdom living, where you would be able to deal with the unseen way just based on what the Great Holy Spirit would say: You would move to put on the full armor in the spirit realm, to move to walk in Kingdom living, to keep safe.

You would learn to speak to the Great Holy Spirit throughout the day, just by saying what's in your spirit as you drink from the Great King Jesus. You would move to walk in the way of being Spirit-led to deal with people, and you would look to the Great Holy Spirit to show you the root of the person. This way of communing is living in the Kingdom way by moving in Kingdom authority and power.

Do you expect God to trust you with true spiritual riches such as His great transforming power and fire when you won't even take care of stewardship of earthly things? You expect a Kingdom way of great moving of power when you won't even walk in the Spirit and ask the Great Holy Spirit to lead you each day?

Do you really think that God will give you His authority in major dosages when you aren't even in the way of allegiance to Him? You must make a choice to serve Him with clean hands and a pure heart. You cannot do the works of the flesh and expect to be in a position that would bring great movings of spiritual power.

Get in the place within where you will move to depend on the Great Holy Spirit to lead you in every detail of your way to living here while in this earthly way of living. Stop looking to lead. Look to follow the Great King and His will for your whole life.

Once you submit to the Great King, He will show you how to move in deeper ways to war against the devil and come out victorious. But not only will you move in a victory over Satan, but you will also be a good steward and drink it to give to others so they will move to live a life of full healing in their body, soul, and spirit.

This is the way to bring delivering movings to the people: It's through the Great King Jesus, with the great power of the Great Holy Spirit, using Kingdom principles as revealed by the will of Yahweh.

Now that you have a deeper way to drink Yahweh's will, move into seeing the wisdom from the Great Holy Spirit to know what will need to take place within you to get you moving into dealing with demon influences the way He would will. That way to deal with the spirit realm is through the Great King Jesus.
