

# THE PORTAL INTO THE HELL

## **GOD I AM SENDS A CARRIER:**

Servant, this will be a very major trip in Our service that will bring a large harvest into the Kingdom of Jehovah. I will give you the strength needed to endure the way that you will truly go. It's not an easy planning way.

You must fully come under submission and follow what the Great Holy Spirit says. In all Our training with giving humans the way to learn, please see that your way has been in deep training ways that will be hard for most to understand. Power has a way to give you the way to be faithful. This blue stream of My power—it's now having a leading way within.

There is a purpose greater than what has been placed in your natural life. A current natural work only is as a cover. But We will truly uncover how I am calling Our servant to do this way of work called Seersgate. There is a great purpose that will never come with striving. And this is the reason you had to wait so long. Purpose has to begin within natural ways before giving My Spirit in the fullest release.

There is no further holding placed upon you. We give your will the fullest placement of your office. There has been a true release into all that has been purposed. We have a special healing plan that will take over. The work is too great, where you can see it in its full way. But I am clearly showing your spirit where I plan to give My full way out into the whole world.

It takes you still a little time to drink deep within. It took you up to this place in hearing to shift into a deep spirit-to-spirit dealing. In the near future, We will strip you of more fleshly ways, where you will sync in complete ways upon first hearing the call to come and be with Me.

It's been decades of training; and hearing, in spiritual moving, is accurate. You are well-trained in hearing, and now you will learn how to see in the fullest level in the seer way. Hell is getting bigger, with more souls entering it all day and night. It's a steady flow of souls who will never return to living ways unless intervention takes way.

You will not be the same after you drink the whole report. You will never ever be weakened into doubting that this place exists. It's all very real. It's all deep within the natural Earth. There is a will of Jehovah that no one will perish, but people have free will to serve King Jesus or drink eternal death. Is God evil? If God has great love, why would He create a plan such as this?

Wasn't the Hell a home of Satan and the angels that fell? Wasn't Hell a place of an underworld for the created one called Satan, first? Satan is in his home element, so to speak, in the Hell. And that is why he is not under any torment in that place. But when he is thrown into the lake of fire—that will be torment forever, without end.

Now, why is their way of current home dwelling used with giving those who die in their sins, a way to be tormented? It was once, within, a place to give both the righteous and the unrighteous a way to wait till the Great King Jesus gave His precious blood to cover sins eternally.

See it, that no human could have their sins permanently removed with the blood of animals. There had to be a Perfect Sacrifice that would permanently remove sin. And every time a person sins, they can turn from that way with seeking King Jesus and asking for forgiveness. But there must be a true turning from sin. There cannot be a fake way.

The blood of King Jesus was not shed yet when Paradise was also in the dark regions in Hell. There were two sections in the Hell: one kept the righteous while the other kept the unrighteous. But when the Great Way King Jesus came into the Hell, He brought those who were righteous from that plan and took them into Heaven, where they will never have to leave.

It's true—all of it. And you will give major signs that you are truly hearing from God Himself. You will tell this portion of what you have experienced, now that we are moving in spirit and in truth.

### **WORLD PROPHET SEERSGATE SAYS:**

Thank You, Great King, for that major introduction. I have already been in the way of feeling the Hell even before leaving in spirit travel. What will be spoken is accurate. I can say it all with a lie detector dealing and will not fail. I have my office in one of my house bedrooms. I have a plan that will cover giving God's way of dealing with the unseen way.

There, while in my office space, I was able to smell a terrible smell that I thought was coming through my home vents. I tried covering up the strong scent by spraying the air freshener, and I thought that that would be my solving dealing.

I saw a vision in my office. The ground, in the spirit realm, opened right before me. I saw a crevice, large in size, bring in the sounds of Hell that I was not prepared to deal with. The ground in the spirit realm opened up. And I could not stop that from happening because it is an actual portal into Hell.

Let me explain what "portal" actually refers to in this situation. It's a door. And this door takes a person from the natural Earth into the spiritual world where Hell actually is. This portal brings out what is in the Hell—referring to Satan and his demons—and they will crossover into the world of the living, for engagement.

I will have a clearer way of this full plan of portals after my trip is completed. God closed and opened up the portal. The night that it first opened, I could tell it was actually there. God took my spirit into ways of seeing and smelling. He awakened what was needed to properly enter the portal.

Imagine having a way to see the cave-style rocks, with orange flickers of fire reflecting from the canyon high walls. Imagine the height of needed spiritual seeing to have an open vision while no one else has sight to properly discern this.

But it was not with human seeing. I had to fully come under God's plan. It is His gift that I am privileged to have flowing. The portal is a spiritual doorway into a new realm that happens to be an unseen realm. I feel the heat coming through the ground. I feel the level of heat as a very hot heater that is large in size. My body is facing it in such a way that my legs are closer to the heat coming up through the opening. The heat—it burns you.

I am not in the Hell, yet the heat from the flames is so hot that my flesh was also able to feel the heat. I started scratching due to how my skin was starting to feel like a raw surface that was bruised from being scraped across the concrete.

The level of heat is a level of hot that is hotter than an oven heated to over 400 degrees. The sun will feel warm, but Hell has the feeling of a grease fire burn all over your body. You have to feel the level of heat to fully grasp it. Look at how far I dwell from the body of the Hell. Hell—the actual body—is inside the natural Earth, in the heart of it. The heart of the earth refers to its seen center, referring to natural gauging.

The body of Hell cannot move up to the surface on Earth, for no one would have a way to be released and return to the living with their own willing; for God has pushed Hell deep into the earth for enlargement that will hold millions of souls.

The Hell is in the center of the natural earth, but when the portal was opened, I could hear the people crying out to have someone help them. Even from the Earth's surface, with the portal open, it was as if there was a closer depth than actually was.

I could hear the screams. It's a hard thing to deal with. They were once alive, but now they are in the heart of the Earth, in a place called the Hell, in a deep fiery torment of

various levels and stages. When I would walk over the portal while it was open, I wondered if that would be the moment that I left my body to go out and gain this full report.

### **KING JESUS IS SPEAKING:**

Let Me speak. Servant, let Me take you into the new plan with dealing with these demons with visions and with major dreams. We will take you into this full detail in a sudden way, yet you will be fully ready. Satan knows that you will come into his private chambers to gain a major report. You will wage war against major demons. It's giving your spirit the full way of training so that you will train the whole world in dealing with demons.

There was a servant of Satan that came out of the portal. This spirit had on what appeared to be a flowing robe. Pay close attention. This spirit is able to come and appear as the Great King in private details. Do not ever pay him attention in that way. Demons will come and go freely as in the cave details of your training.

Be firm in staying with Me. Why do I say it this way? Remember, with the demon bites, We told you that you will beg that I will stop the torment? You begged Me, but I could not interfere with the Word that I had already released into the earth.

Hear Me. You will deal with every level in Satan's kingdom in their fullest place. They will come into your dwelling and will materialize right before your very eyes. You must show no natural emotion. You must fully yield and let your spirit take over in leading all that you will deal with in its fullest placement. We are not going to let any demon enter without first making sure that you are ready to deal with that demon. With materialization, they will move as a fleshly way. They will feel as if they are human in nature.

You can do this training. You have the Spirit of the Great Way King Jesus in you. These demons—they can see who you really look as in the spirit realm. How will they be able to come against you? Wasn't the Great Way King Jesus dealing with the devil in the

wilderness for forty days and forty nights? Was Satan kind and gentle? No, Satan gave his deepest moving against King Jesus, yet he did not bring Him into his fleshly snare. You will endure. And We will give you the creative miracles surging way when you are done with this way.

The Hell will be clearly seen. You will meet him in the Hell. You will see him in deep torment. Your Great King is speaking even now, and you will be with Me in this dealing. We will go into this pit, where you will see him in torment. He will see you with clear seeing. And he will remember what you say to him. He will know your purpose for being there, and he will want you to pray to Me so he will be raised.

It will be at least three years when he is raised. That's the timing of meeting him there. We—referring to the Great I AM—will hold him in a suspended dealing. That will make it so he can tell you a proof that it really is that person who was badly burned in a car accident.

He will say certain details that are not public knowledge, but you will share those details to bring glory to the Great King. You can see his face even at this moment. You remember him from the movies. And you remember his pretty boy looks and great smile. You will not see him in this way. He will be hard to look at, but he will still have his same way in speaking and will sound as if he, still, is living.

He will hate you for leaving him there. He will be greatly tormented once the meeting is over. He will be clearly pointed out to Satan that he will one day be released to move out into the earth for Kingdom plunder. You must see it. This visit will bring greater torment to this man who will be raised.

This man, when he is a raised way, he will take over the way Hollywood is moving. He will be a great Christian leader who you will train in spiritual dealings. You are already purposed to be his spiritual mother. He will live with you, with your family, while in the early training days.

His natural family will see the real plan you will bring into his full way, through nurture and a deep spiritual covering. This man is already being sought out in the Hell. It's due to what We told you to speak into the earth.

Satan's servant came out of the Hell through the portal and stood in front of you while you read the message out loud. You were giving a real declaration, and Satan wanted to be ready for that hearing. You will do this work with Kingdom power, and there is nothing that can take this way of surging blue stream from your spirit.

You are already being infiltrated. It will now start being released with a deeper push on Halloween. And one day will be here when you will know that the way you were will be erased, and the only way you will recall the way of old dealings is with your training that is written in these seeds you will plant: these books.
