

GOLD

Part 1: Gabriel Came with Me

APRIL 27, 2019

YAHWEH SAYS:

At last, I can say what purpose has been placed within your full work plan. Can it truly be here that you are given a will to enter actual work out in the natural realms and regions? Tell Me, why can I now have the servant come and move in actual power? Place your promotion ceremony here that you have moved in over a time of natural movings of weeks. State it at this moment.

KING JESUS GIVES A MAJOR PLAN:

This will be one of the hardest entries that you will share in this current season, based on how the details will be hard to believe. Can you really have conversations with God? It is possible. Will they believe you? It doesn't matter if they believe you or not. For, now the time is given for the street healings to take way.

Servant, I told you to go to the same cemetery from the previous training ways. It was not planned in your schedule, but you went there anyway. It was a busy street, with rows of cars parked near the curb due to the local neighborhood church people having their weekly Sunday service.

There was an open setting near the cemetery gate. You parked in that space and walked up to the gate where we usually enter. Servant, this cemetery has been the training plan throughout this three-year training phase on learning what the mantle will do in this work plan. And now, the time is given to give you real work out in the local streets. This will be a major plan, and you will take the Healing angel with you everywhere you go. Stand

under the anointing. You will carry this weight in a better way when you have been dealt with.

Servant, We told you in this true story to take a new walking path to the familiar ending, near where those few corpses lie under the earth. And you walked this new path, wondering what you were to expect apart from the old way. It was truly a major seeing as if you became aware of the spiritual realm with the removal of scales from your eyes.

It was spiritual seeing with your prophet's spirit. It became a clear way, and you gave a great smile to him when he became clear and could be seen. He is very tall—fifty feet in what you were seeing. He walked in leading ways to the familiar gravesites, and he was standing to the right plan of you—in front of you, ahead on the right, walking to this same burial way that you have been trained in dealing with for a great time frame.

It brought great encouragement to see that Gabriel came with you on this journey. The smile on your face made it clear that you can see the spirit realm as if it was truly real—a greater real than imagination. We came to see the four graves. You stood there, waiting for the way in what was to be given.

You heard a different angel speak, saying to say certain ways that were given through your Great King. "And to these four corpses, you will rise up out of your graves when the Great Yahweh says, within three years." This would be the close way to say what was given into your full way.

These four corpses have been spoken to over the course of the training. Even in one training session, when you were learning to raise the buried dead, you could see a vision of the way they would see when being raised. You were able to see under the dirt, as if shooting through, coming near the surface, where the light from above was visible. It's as if when traveling through dirt, a dead spirit will shift to take on a way to be able to become any material that will enable material transfer and shifting.

To be a truly new way through resurrection, Yahweh has to return the spirit to the dead person's body, and in this relocation and placement within the dead shell, the spirit must shift and travel through any matter that is hindering the rejoining of the person.

Susanna, you have given a very major command. Who can dare say such a plan if they were doing what they think would be better? Yahweh will have to bring them into natural living ways within three years, or you would have given a resurrection command with the flesh leading this way.

But you truly heard Us speak to you. You truly saw in the spirit realm and engaged the unseen as if truly a layer of seeing was given into your vision. Servant, I will prove you truly move as this person, but can there first be a training plan on materialization? Can there truly be a separate year of handling the ten demons that have been waiting for a certain season to be dealt with in a truly materialized way?

The work will take on creative miracles, and they will get healed from just reading the work. Let him choose where we will live. You hear your spirit say that it truly no longer matters. That is an accurate statement. World prophet, you stood there in front of those graves and spoke in the spirit realm, My very words. If they were to live again before the first and second resurrections, it would be the power of Yahweh that would bring them back to natural living.

Didn't Yahweh train you well? Didn't Yahweh give you many training sessions on raising the dead? Didn't Yahweh promise to give you the creative miracles impartation on Christmas Day 2021? Didn't Yahweh say that you have completed the wilderness season and in January, there will be a fullness in natural time to have this seven-year preparation done with? Didn't Yahweh say these, and there will not be any new changes, shifts, or holds.

Susanna, We just want to give you the materialization training, starting on Yom Kippur of 2020, only for one reason: your own office space. There has to be a private setting for

all that must be dealt with. A separate way from the living quarters, even if still in the space of home ways.

Here is what that materialization training year will cover: We will send one demon each month, and that demon will materialize. That means there will be a true seeing as if the demon has taken on a fleshly way. You will not be able to hide from the spiritual battles that you will deal with. They will be sent into your office space at the will of the Great Way. King Jesus sends in the demons and will have you face them where He feels is better for a training session. All training will take way in the daylight hours. You will be at the home office, and suddenly, a demon will appear, and there will have to be engagement.

There will also be the Training angel and your armor-bearer, fully seen in your spiritual vision. You will know that you are not being dealt with by Satan in this manner due to sin, based on how you will see darkness and the light from My angels in the same setting. It is planned. And in each session, they will move strongly against you, being enabled to pick you up and throw you.

These demons have great strength. We will not let them take it to the brink of death. There will be a powerful surging emanating from your spirit that will counter against and weaken the demon. They will taste the powerful surging and will weaken under My powerful blue stream. That will keep you from dying.

Servant, the words that you speak are being released with a covenant, powerful backing. They go out into the natural realm, shaping it. Death and life are in the power of your tongue. Servant, speak only what Yahweh will bring into your whole way. There are going to be times where you would want to leave this based on how hard that materialization training really is, but there will have to be major treats that will keep Our servant under submission.

And that is the reason why I will give you major visions and spiritual encounters. And there will be major meetings with King Jesus, where you will have major engagement as if He is flesh. You see it. This is all coming forward.

What happened at the cemetery was Our activation to all We just spoke into the natural realm. Gabriel told Our servant to kneel right by the four graves, and in that moment, Gabriel spoke and said how he is Gabriel who stands in the presence of God and then poured a precious substance over your body. He was pouring gold—in liquid form—above your head. And it completely covered your whole way.

Why is gold the promotion liquid? What does it really state? Glory. And in that moment, God gave Gabriel a powerful surging that was given out into your natural body to enable your way to have empowerment. The glory of God is your empowerment for work. No longer strive, for God has saturated your way and this work in a glory filling. This glory will take you into all that Yahweh has given. And in that glory, many will turn and drink King Jesus.

Empowerment has been given, finally, after the many years of training since age fifteen. And you walked back to your car and saw in the spirit realm how My angels are surrounding you. Just as a natural secret service agency surrounds their way of giving protection, I have given you forty angels in your angelic guard. And they are with you literally every second of the natural day. And as you walked back through the same pathway, I showed your spirit how the Healing angel already walks to the right of you. You saw him smiling. It was not a natural seeing, but the prophet saw how the angel's manners were.

And you are well-equipped to take on this major battle of three years of out-on-the-street ministry. But before you walk in that power plan, let's take care of the year-long training under materialization. You are promoted and empowered to gain the fullest portion of all that Yahweh has willed for your whole way.

On your anniversary as a commissioned prophet, you will have the fullest release. And Ivory Coast shall have that impartation when you come and visit.

Part 2: The Water from God Encases as A River

YAHWEH SPEAKS A WILL:

Have a way to drink the full power way. What you will hear in this full report is a real detail. You have been faithful to Yahweh, and within this power way, I will freely give what took place in the cemetery on this final visit under the old power moving. I am now stating all in a clear moving.

I will not come and move in any other shiftings. I am glad that you had a great endurance to handle all that has been given. Servant, the road that is required of your whole way is not required of others. Your powerful God is on your side and will bring the full plan to the surface with a great powerful shift.

Power, not money, is needed, yet I have kept you hidden so that you will not go out on this way of weight in spiritual warfare unprepared. I took away everything just to see if you will still love Me and put Me in first place in every detail. Isn't that how I presented My way in Scripture? Didn't I demand obedience over all things?

Didn't I drive My servants into fiery training, tests, and painful stripping of will, just so they will stand before Me in transparent ways, without pretending to be somebody else? Didn't I take you into the deep wilderness in spiritual and natural remote living just to give you a true taste of a power surging that will kill any who come too close to My presence in irreverent ways?

Didn't I take you through years of abusive relationships and connections based on knowing certain people, so you would feel the deep pain in My heart of how I have been rejected over and over? I have been deeply rejected by the Church and by the world.

World prophet, do you feel My pain? Do you taste it with the one who has been emotionally abusive to you over many years? The pain of being ignored hurts the deepest. The painful way of feeling unimportant enough to spend just a moment with hurts so deeply. The painful longing within for that person to want to be with you—this is My pain. It took you thirty years to fully understand.

It has been even before that date of the fifteen-year mark, for you did not have the dad that you are caring about at that time. Too many people have hurt you. They do not see how deep the pain is. I have kept you from going down the wrong way of selling your body to make your natural dreams come to pass. I have kept you from getting a divorce from your current husband. I have kept you from dying in your sins.

Isn't that the most important work that I have done in your heart is to take care of you and make you feel a very great love? They wonder why you serve Me so hard, without any wavering. They wonder how you could hear Me so well to write pages upon pages of messages from My hand. They wonder why you love Me this deeply, to let all treat you poorly when Satan puts them in a snare.

How can you love Me this deeply? I have been your closest Friend. No other has that special privilege. No other has valued your precious heart the way that I have. No other person or other outlets would fill up a hurting vessel over Kingdom citizenship. We have given you a true way that enables your spirit to have Our love in a tangible way.

Your heart is aware that I will never hurt you or bring you under a destructive path. You have My Spirit that drives you. I have given your spirit great visions and dreams that are making you not want to give up. And I make sure that you can hear the angels speaking to you.

I made the unseen realm a tangible option that will counter against the painful rejection dealt with. That's how you were able to endure. And now, at this mark in time, I have finally broken you, where you would rather give it all up and hide away till death comes and holds you under the earth. You have dealt with great pain, but I cannot have you

longing for natural death. And that is why I release you right now to take on the fullness of all that has been granted under your influence in Yahweh.

Now, here is the vision that the servant saw while visiting a Virginia cemetery: When I told Our servant to go to the same Norfolk cemetery, there was anger in your heart, for you could not see the point of this next plan that gave you no warning of this coming in natural plans. You parked by our regular side and proceeded up the road for the entryway upon the lot. When I had you walk into the gate entrance, there was an unseen gathering by the gate that was trying to block you from entering the territory.

You saw the creatures stand in front of your way and blocked you from entering. You could see it in the spirit realm, how the creatures were. And they were appearing in a similar manner to the werewolves that you were able to see in one of those previous visits into that territory.

Your angelic guard came forward, and I made sure that you could see them with your prophet's spirit that takes on major seeing. Your spirit is enabled to carry the weight of the office, and that's why We refer to your spiritual upgrade in your spirit as a prophet's spirit—for that is the office. Now I will give you more of the details.

The angelic guard came into the territory with great force. You could see them moving through, making room for your way to enter. They were two-by-two on each side of you, and all the way around you were angels, two levels deep. We showed their armor. They had metal-like covering from head to foot. Their whole way carried a major protection that was impenetrable. And I gave them shields to place out and bring a deep way in great protection.

Servant, upon entering this land, what spirit spoke? The spirit of death spoke extremely loud and was on the verge of being audible, making it clear that they were threatened with your presence in that moment. Why would he ask you why you were on his land? And notice how he said you were a servant of the Most High. Why? The message—it has

come into fulfillment. The message within you reaches full maturity, and no outside power source can stop what Yahweh has seen and says will happen.

You were told not to respond to that question, just as King Jesus did not always respond to what questions were presented throughout His ministry. You walked the path that I have taken you on over the past three years. Put that photo right under this sentence so that others will know of that path and can have a better understanding of that final visit under this training way.

As I had you walk down the path, on both sides were a great way of demonic spirits that filled the land. The path was clear. The angels with you are always forty in number. Some move ahead of you, and some are behind, covering the back. You have a group of them that literally walk on both sides of you and will encompass the full way around you, leaving no entryway for a demon to torture unless you cause the breach in territorial governing by taking in Satan's nature and sinning.

You were walking down the path and had a great level of protection. As you moved down the path, I had you take a few photos, as was done in previous visits. I want others to understand you better. And I know that it is hard for the natural mind to understand, and that is why I will have creative miracles lead and will allow the unseen realm to be revealed on natural film in My timing.

Servant, as you walked by the graves on this path, I opened up your seeing where you were able to see a level of water that came near your hips. You were able to have a clear seeing of ripples in the water. We told you to place your hands into the water and wade it as you walked.

You were able to have a true feeling of a spiritual river that surrounded your way with a touch with your natural hands. Your spirit was touching the water, and the effects could be felt with your natural body. I gave you encouragement for how you were longing to move into deeper water. What does the water represent?

A powerful cleansing in the work will lead when their sin is dealt with. It's the sign that it's time to bring healing and cleansing to the whole world. You have already dealt with dealing with others from other nations. That was a sample. But now it is time to be flooded with the world, in general dealings of people groups.

You came to the familiar place. We told you to stay near the tree and made you drink a powerful vow that requires you to stay in Hampton Roads for three years. You agreed to the vow, and upon that agreement, I gave the full release. We showed you a vision—as clearly as the day—and you saw it pour out freely. It is no longer kept in a holding power way. Even at this moment, there is a release from the vow that keeps you in this region. Servant, this is important to note.

You spoke into the earth and made a declaration concerning the four corpses that have been used heavily under training in raising up the dead. You told them that Yahweh wants to bring them back before the resurrections are given. You told the Heaven and the Hell. You spoke it into the realms and regions—seen and unseen. We gave a command. Would I raise them up in three years? Surely, what would happen with you, for I know that your way will never have one private moment. A holy fear will come within the people when they hear Me speak through Our servant.

Is that a hard task? No raising from the dead is hard for the One True God. But the ones that were spoken to concerning this detail have been dead for a great while, and their ways are not as you know them in this culture of this current day.

Remember that their raising would have to have a special plan. What if that plan is for the fullness of presentation? What if I heard you? What if I am vowed by covenant with Our servant to back up any command you speak in Our great will? Isn't this what a true prophet will do—speak whatever their Great King will give them—and this refers to prophets in Yahweh.

Can you deal with waiting to see if anything will happen? What if real raisings above the earth took place over the next three years? That would be a great witness to the power of Yahweh. What if creative miracles start to happen as people read these teachings and free books on Our web pages? What if I actually back you up? This is how a covenant works. And I am.

What happened as we left? While walking towards our exit on the same path, the water from the river came over your whole spirit and encased you. You are sealed in a river that will cleanse this work and the people under the covering of Seersgate. This is why We want you to live.

Please no longer hope for death. That would be displeasing. You do not want to take your own life, but you wanted to leave this earth to be here in Heaven, early, before your time. Come out of hiding. I call you forward as a true world prophet.

We will move into deep training, but instead of dealing with natural rejection, I will have you face spiritual battle ways in the earth. The shift will leave people and will now focus on the unseen. Let's take on a ninety-day fast, starting on May 1st, with the first true plan being under what We have spoken. I am giving a new fast that is separate from the other fast. Not only food, but other plans can have power over your spirit that must be dealt with, including *Pure Evil*, the first of the ten.

Part 3: Activation of Spiritual Sight

YAHWEH SPEAKS A MAJOR WEIGHT IN SPIRITUAL DETAILS:

You went to the cemetery at the leading of the Great Way. The trip was very different, as if a new training program began. Take a look at the way that you have been given. It will not be sugarcoated, your future. We give a neat training that has purpose, order, and true fulfillment.

There is no other with your work plan. We have catered this work to build a major outlet to win a great soul harvest for Yahweh. Flesh cannot lead over any part of this work plan. We want you out of the sugar addiction, and that is why We give water to drink, except with food replacements.

When you went to the cemetery and walked the grounds, you were able to see. We did not hide what the spirit realm has given. You have favor from the One True God, who has given spiritual surgings into your full way. The walking through the cemetery led you to the graves of others. I mentioned that each one is in one of two places.

I had a conversation with your way and asked you how the raising of the buried dead will be given before the actual resurrections. When the ground opened in the spirit realm, you were afraid that you would enter Hell, and they would find your flesh tent lying in the cemetery.

For the report on the Hell, We will come at night while you are asleep. Never fear any training that Yahweh brings your way. The ground opened up in the spirit realm. It was as if you were walking through the cemetery on a grass that's clear and see-through, giving a clear view of the fires of Hell.

You walked on the natural earth, yet the Hell was transposed over the natural, where you were seeing Hell. The flames from the Hell were under your natural feet. I could have taken you out of your natural fleshly tent (your body) and gave a full vision of the

suffering. It could be clearly seen, the orange flames of Hell. I then drove you to a thought of how the dead are raised.

You cannot learn any magic and think that I will back you. You cannot dabble in the occult and think that I will join in covenant with that filth. You cannot serve Satan and come and drink My power. I am very hard on you. It's so you can have a deep power surging to raise up the buried dead. Imagine seeing the Great King Jesus watching horror films or reading horoscopes or doing Yoga practices; that would not happen. And it cannot happen with your way. You must live a holy way. You must start to separate.

A covenant is required to have great power. You cannot buy power. You have to surrender your will. I told you that if you vowed to permanently go without junk food, then I would fill your whole way up with the power needed for work.

Your work—how do you know that there is proof of a covenant? What are the signs that there is a covenant, that a Great God is with your way? With any level of work, God will back up the anointed servant and will draw the people. With a world-level work, what has to happen? Presentation. What is Our plan?

At the cemetery, I told you that something else is needed other than a covenant when raising up the buried dead. You have a list of those points on the practical way to raise the dead. What else is needed? A full release. No work can begin in any level unless I give the fullness of your office as a prophet and have you begin doing little assignments, building your way up into the fullness of raising the buried dead.

It is very important to wait for the full release. The next training stage will last one year, and in that year, I will prepare you to drink the fullness in South Florida. I need you there for a ninety-day shift after moving the household goods into Houston territory.

While in South Florida, I will keep My word and build a major platform of your office and the work that is given into your care. This is a very major work. No human can take you

off of this major course. Let them taste a deep surging that is still filtered. It will work out.

And you will take one year with water as your meal drink to show what We do with your way. They think that you are a fake. They think that you are slow in putting out more documents for them to claim as their own. They think you're undecided. You have changed the work platform continuously to be a way that is just as the platform currently operating with.

You are entering a very powerful year of training in learning your mantle. Next year will be the ending of that way. The real proof that God Almighty is with you is what, servant? Is it great signs, wonders, and miracles? Is it seeing people get saved? Is it having great fortune? What will give you the needed proof that Yahweh is truly with you and has given you this work to do in His great name?

Think about it. What separates you from a cult? I want you to think. This has been the hardest detail that you deal with. You have no proof that you are hearing God's will. You have no power backing up this moving called Seersgate.

You cannot prove any of this work is real. Then, how should anyone know that you are actually Mine and doing a work under My hand? We will tell them and give them individual proof by telling them to keep drinking. It is how the disciples stayed and followed King Jesus. It's the same way that people came to John the Baptist to take part in that work.

Notice that the religious leaders of the time were heavy in disagreement with them—with King Jesus and John the Baptist. Guess what will take way with you. The religious leaders will take a heavy way and will speak out against you and the work that We have given. They will say that you are filled with demons and that you serve Satan. Do not be discouraged. Your way with spiritual treats will be great. King Jesus will come and visit often, and many trips to Heaven are granted.

Do not have any fear of any demon. They will move against you, but they cannot move against you being kept under close watch. You will never be left alone. Even in the travel through the cemetery, your angelic guard covered the nearby area to keep you safe. I showed you how the resurrection will look like.

You walked by graves, and I showed you a vision of that person being raised. And it was slowed down—the process that will take way with every person in that training cemetery. I showed you bodies remade while under the earth. I showed their flesh being put back on their bones. I showed how the person's body will shift and travel outside of their grave to then appear on the plot.

I showed you how angels are present with a resurrection detail. I showed you how there are many angels and that there is no lack of Kingdom help in the spirit realm. We showed you that it's very easy to raise the dead and that it will happen in great numbers. We are giving you your sight and hearing, touch, and full range of prophet mantle training.

Prepare. It's greater than it seems—the spiritual battles in Houston, South Florida, Paris, and Los Angeles. Be a ready way. It is a very hard first year in full release presentation, for your way will not have any way to escape what comes your way.

Part 4: The Ending, Solidified

APRIL 27, 2019

11:25 p.m.

YAHWEH BRINGS THE ENDING OF THE PLAN:

When I call you, you will feel surgings all over your body that will make it hard to fall asleep. You have been feeling the heat from the Throne Room. We here in Heaven gave you a way to drink the way of full release that enables you to work in this level as a world-level detail.

What proof can be clearly seen? It is a way to feel the pushing of Yahweh in your spirit. You will also feel spiritual fillings that take on heavy weight in the spirit realm. You wasted almost five years when you returned to be with family in Virginia. A great way in holding was placed against your spirit, but at this very moment, you will begin to see the spirit realm.

You will sync in training and be in sync with your actual first commission date—January 2011. This will place you a closer way to completing the first ten years as a servant in the prophet office. Even now, you are bearing the weight of Me surging your skin. It is a very unique feeling that cannot be faked in any way.

You see what We do here this very day. It's as if you did not leave the battle training and have been fully restored. What did the restoring? Saying that you should stay with your husband. You were honest with Me, and you said you did not want to leave him alone.

You know that you thrive on solitude, but he doesn't. And with you saying that you will still obey Me even with the option of wanting to be with him, I can clearly see that even with great wealth, you would want to make sure he was okay. You do not want him to be uprooted from his home again, and you want to follow Me and keep your marriage intact. Let Me have a world-level servant who can live anywhere in the whole world.

I know that Houston is not home, yet you want to be a loving way to him. This way, in true unconditional love, even when you do not get your wish: it shows Me that you will take great care of the people you will help. You have to be filled with mercy yet also see with clear vision and not with human emotion.

Where you live will no longer be used against you. You can feel My Spirit with you. You can hear Me telling you which way to go. You will do just well with all that We bring you. And there is a true release given to work.

We will take you through the changes so that you can be ready for the fullest shift. Love your husband. You are free. And according to the Age of the Antichrist, you will be here for a three-year plan under My order. And no further. Houston is not home.

Make sure you're in the permanent plan before three years are completed from the date of the Age of the Antichrist message. Now, go to work in Kingdom world-level work ways as a released prophet. And over the next eight years, the world, in various outlets, will be in great hunger for the power of Yahweh in a plan of soul harvest ways.
