YAHWEH:

Your situation is very unique. Give your racial heritage/background.

SEERSGATE:

- AFRICA (55.4 %)
Nigerian 33.3 / Sierra Leonean 19.0 / Kenyan 3.1
- EUROPE (35.6 %)
Scandinavian 26.1 / Balkan 5.8 / Italian 2.4 / Baltic 1.3
- ASIA (9 %)
West Asian 7.7 / Inuit 1.3

YAHWEH:

You are placed in a situation due to how the nation is heavily divided. You witnessed a “Black church” saying through their church leader how no black person should attend any “White church.” And it broke your way within. Where would we—you and Yahweh—go to church? Where are we welcomed with your mixed heritage and your 24-year-long married white husband to your way? Where would you be able to worship Yahweh and not have to display a “race” validation card to show you fit in with that congregation?

Now, look at the nation and how they view their future leader as a “David” in Scripture to bring the Biblical parts forward. But what about a civil war against races? What about serving in office with a character that upholds what is honorable with Yahweh?

I will help, but you must do what Yahweh says.

Do not look to Trump for Christian parameters. Honor Yahweh and pray for your natural governmental leaders. Look at how My Church follows their golden calf, their lowercase god who takes Yahweh's position. How can Yahweh help a church that has a hatred for other races? Sure, it's common to hear White folks saying racist statements and labeling that as such. But there is a turning of the head (blind spot) when a Black person runs a "Black church" and says that there must be segregation of the races. How can Yahweh honor that way? This is a plan from Satan to have White and Black churches. I will not honor that church.

Servant, all Yahweh has to do is push out My power. I want your way to never hide your mixed heritage. Yes, your tan is heavy in the summer, and you turn very dark, while in that past season in Alaska, you kept a very pale presentation. You are not torn in who you are, but others who want you to pick a race are offended that you are not willing to split and stand with how they view race. You look at your spouse and don't focus on the color of the skin, yet you know others have a disdain for his way based on color.

How can Yahweh help? Yahweh must bring forward those prophet traits similar to prophets of old. Yahweh must send out a seersgate.
