

DECAYING DEMON

THE GREAT WAY SPEAKS THROUGH AN ANGEL:

You were talking with a demon, but you did not expect it. I sent you to a new cemetery—not in the place as the old way, but the cemetery had the same elements as the other did. Dead people are buried in all cemeteries, but this one had another plan way, where there were freshly buried bodies placed in the earth. You were sent to look at the way and to note something major that you have never seen at any visit of the old ways, in training details.

You were standing by a freshly buried grave. You noted the freshly placed grave with flowers from the ceremony. You saw no plate on the gravestone, but you could tell it was a new dealing of a freshly buried person.

You heard a spirit speak, to say it was a freshly buried way. And with that, you went to look at other freshly buried persons who had a tent over their graves, showing that the

person was buried very recently. Let's share this full way here. Your turn to speak, servant.

SEERSGATE SAYS:

I went to a local cemetery in a small city named Elizabeth City. There, in a local neighborhood, was a cemetery. The Great Way told me to go there. At first, I didn't want to, for I did not see any benefit of going to a new plan and continuing visiting cemeteries. I had heard the Great King say to go to one of the green tents on the cemetery grounds.

I walked over to the cemetery, and on the way over to a green tent, there was a noted grave with freshly placed flowers that a person would typically lay over the casket during a funeral. There was no saying on the gravestone, for the person was freshly placed there. I was curious as to who the person was.

While standing at the first site, I heard a spirit speak and tell me how that person was freshly buried. This spirit said it often as if to get my attention. What stood out to me more was the thought that this person was alive just a few days before and now lies in the earth. I pondered this thought as I walked over to each freshly buried grave, three in all noted. I stood there, not fully understanding the purpose of the visit. Then I had a power-filled vision just before falling to sleep.

Here is the vision: I was talking with a decaying demon that gave me a moving to say there was freshly dead flesh in the cemetery. I saw this demon in the training ways in the wilderness, in the season of the training ways in the stage that would only let me hear them and only taste a glimpse of their nature. But with this vision, I was able to sense a more profound vision and see that a Decaying demon stood by me in the plan of training to tell me why he was there.

In my vision, an angel spoke and said to me that the Decaying demons are actually in the graves themselves, as the human decays. I was scared and trembling with fear that

it was a demon speaking with me in a local cemetery, for the demon had a decaying form that was frightful to look at. I was so scared; the Great King had to comfort me with His angels.

I did not drink the fullness of the stages dealt with in the wilderness till early this morning. When what happened was fully embraced with a vision after a few hours of the visit itself, that brought me to see with greater understanding.

No other human under their Christian visage would have a real understanding of what it's like to endure training in this way without experiencing the training themselves. But it is only the beginning of learning the mantle that I wear. There will be greater shifts to make the unseen appear as natural in the flesh.

Yahweh grants Materialization training. And with this shift, I will have to deal with spirit beings till there is a real dealing of no fear, where it is all like second nature. I have been afraid before when I was able to pick up the fullness of a demon's nature.

And now the training is building, where each day will take me into major deep seeing. To lose this fear of what I cannot see will bring great freedom.

THE GREAT WAY SPEAKS THROUGH AN ANGEL:

I will speak, servant. You will endure the training needed so you can face others who have been deep in witchcraft for many years. You must stand firm; be trained. You will never be alone. God I AM is with you. Come and train in using the mantle. Change the name of all details to Seersgate.

I see your full way. There is truly no longing in your spirit for any credit, but I will not let you stay hidden; I must have a way to steer the nation. Step over and have a deep drink in Me. Come and have a deep drink in your Great King. I have a way laid out. Just have a full embracing will in Me.

Power must be greater than any demon, including the Death spirit. My power is greater than death, and you will raise the buried dead in My name. But first, let's have a practice round with those who can be seen above the earth—in placings of the dead—but who are not buried yet. You know of the first that We will raise that is buried. And by the way, Paul will be very happy when he is raised, and he will tell many about Me.
