

You Do Not Understand Demons

August 23, 2024

12:40 p.m. Houston

THE GOD YAHWEH SAYS THIS NOTE:

(ADDRESSED TO THE YOUTUBER ON THE GRAPHIC)

You do not understand demons.

I do not stand with this fake apostle, but I want to present a major statement in your hearing. Sin is in all humans, and no human, after coming into the Kingdom, will become sinless. And every human can have a demon bring them influences. Pay careful attention. The Christian is still in a fallen fleshly outer shell that may take on various levels of outer influences from other spirits not of Yahweh. The plan of Satan would have a deceptive placement that would say that no human territory or natural land can have an enemy enter that way for a **DISTRACTION**. Make that word bold also.

I want to show the work of Yahweh without having a debate with your way, YouTuber on the graphic. I want to say that entering the Kingdom of Yahweh will not take away demonic influences, and Satan will look for a way to come and enter. I enter a fallen human who is filled with sinful living. I covenant with fallen man who still can sin and come against My will. We—Yahweh—work with sinful humans yet still use the way of grace to keep a covenant by the blood of Yahweh King Jesus.

You do not understand how demons operate. You speak about subjects you do not understand. I am pleased with you in various parts of your work, not all, for you show your way as saying Yahweh does not have prophets or a plan to speak today. From the general view of your work, that is your plan of presentation. All cessationists are not accurate. All of those who say Yahweh can speak during this current time do not actually hear Yahweh.

Who is right? Who hears Yahweh? Those who stand with the written Word have Yahweh's view. Those who love Me will obey My teachings. Did Yahweh say He no longer gives prophecy? How would you stand in agreement with the Book of Revelation if you think no more prophecy can be given? No more regurgitated sayings. Take a look at Yahweh with the understanding that you do not know all.
