

# CATERPILLAR-LOOKING DEMON

Cave Training, Kodiak, Alaska

## STAGE ONE / ENTRY SIX

Today's lesson was a continuation of learning to feel the air for angels. It is still a struggle. The Great Holy Spirit continues to speak words of reassurance, telling me I will use this tool to help with the plan about to unfold. The natural air felt familiar as any, where nothing was visible to me, nor could I have any sense to notice any moving from the unseen way. I long to use this tool, just like the others the Great Holy Spirit has placed within me. Time will give me moments to practice this skill so it becomes second nature.

There is so much to learn about moving in the supernatural. The Great Holy Spirit is teaching me a great deal in each detail. After practicing this tool, Yahweh revealed a greatly-sized demon. Most would think a demon would look like a creature in a horror show and would not consider that these spirits could take on forms as creatures on Earth.

Yahweh revealed a vision to my spirit, showing this demon in the shape of a bug. The demon bug resembled a caterpillar the size of a large commercial vehicle. It looked unreal, a bug that moved like a demon. The purpose of this demon was to destroy the crop in the plan for a great harvest. These caterpillar demons would eat the leaves and bring destruction because the field was poorly maintained.

The plants needed a good shower to wash off the dirt and bugs, which were aimed at destroying what was growing. Something needed to be done to keep the bugs from destroying what would bring in a great harvest of souls for King Jesus. There needed to be a great move of the Great Holy Spirit, where Yahweh's rain was given. It would take the rain of the Great Holy Spirit to move to cleanse the people and remove the bugs that have eaten the good to embrace.

There must be people who will drink this great transforming power and fire from the Great King. The people will also need the Great Holy Spirit to bring about a release. The Great Holy Spirit is the source of power, fire, and cleansing rain. The Great Holy Spirit's power will bring transformation within the person who is rained on.

Working with the Great Holy Spirit is part of this season's plan, known as Rain That Heals, to bring this great transforming power, fire, and healing to the whole person—body, soul, and spirit. Fire will come, but so will rain. This rain is all-consuming, to the point that those who come into contact with it will have to drink it or resist the movement of God in this major plan.

This rain can move against demon influences. It will wash away dirt and those details that would keep you dwelling in hurt, pain, sickness, and demon influences. The rain's effects will bring a move to restore the withered crop due to harsh conditions. The rain will bring peace through the Great King Jesus. The rain will bring joy. The rain will bring Kingdom living that is only possible through the Great Holy Spirit.

Kingdom expansion will lead when the Kingdom rain surges strongly from the Great Holy Spirit. We cannot do the work to please the Great God Yahweh if we move in human striving. We want the rain to prepare the ground and maintain it. The fire of God will purify. The fire and the rain are both natures within the Great Holy Spirit. Yahweh's rain will move to keep the bugs from eating the great harvest about to be reaped.

Now, once the people drink, they will need to continue drinking. This continual drinking will provide a way to continue giving rain, great transforming power, and fire under the leadership of Yahweh. Drink it and be filled with fire and water from the Great Holy Spirit. Take a spiritual rain shower in the presence of the Great King Jesus. Let Yahweh bring renewal, restoration, and redemption.

The Great Holy Spirit is moving to do the work given to this servant of the Lord Most High. Together, we will do the will of the Great King Jesus so that all will know that there is One True God, Yahweh. That is all to drink this day. Look to Yahweh and expect great spiritual showers from the Great Holy Spirit.
