

## PREFACE

Hi, Dear One:

This book is highly controversial. I grew up in a Charismatic/Pentecostal environment, yet there wasn't a depth in the dealings of angels and demons. There was a time when I did not believe that certain spirit ways of engagement were possible. Yahweh started to activate me in His office training from the age of thirteen, and over thirty years of training brought me to this plan shared in this book.

This book will not help you to learn how to raise the dead. We share the path that Yahweh gave me to yield under His outlet to have an understanding that if He wanted to, He could bring back the buried dead, at will, even at this moment, without any human helping. So, as you take in what I share, seek Yahweh for wisdom, His way to see how He wants us as a Church body to walk in what is to happen right now.

Let's pray a prayer:

*Yahweh, bring Your people into Kingdom order so we can hear and see and carry out Your Kingdom plan in a way that elevates You, bringing You glory. Amen.*
