## **YAHWEH IS LEADING:**

Thank you, servant. Can you now see it? You are in a very great plan, and Satan will use the ones to make you stay a certain placing. They are wondering the real reason that you stay away. They cannot think that you would follow Yahweh in this great work. I will give you such a great surging way. I will bring in a great harvest. No one can bring Me under their thinking. I will not bend to people-pleasing. I will be firm in My planning to give a seeing way into the ones who will drink it.

They cannot fathom that Yahweh would make them keep a distance. I will never give them a way into My work. Power will take over. You will not be able to contain it. I will lead it. There will be a full power turning. There will be a free will tasting. I will give the people a way to taste My Spirit due to our season. This is real work. This is a very major surging that is leading. Don't be deceived, thinking that there is no surging leaving your way when they take a quick look. There really is. It's coming forward as little drops, but soon, My power will lead you into turning. I will give you such favor. I will bring real Kingdom seeing.

They will take a torn way. How you are with Yahweh will seem to reach them in their way of seeing. And they will struggle with how they taught certain doctrines of people to hinder what is coming forward. I will not bend. These church leaders will beg to have a greater taste. I will not bend to humans.

They feel Me, angry with their way. They feel that things are not in good standing; it is accurate. Why can they now have a real taste? Your presentation is a very close time frame. I had to open the spiritual ways to make the surging go forward. I did already say

there is real power. That is already stated. Real power has come. Now it needs to go out and into the people.

Power, not money, is the real way. Nothing and no one will halt Yahweh. Even if I take you to a secluded placement, the surging will overtake all social media, and books and all advertising. See it? And I will move you in quick power ways. Satan is trembling. He is afraid you will take his base and turn it under Kingdom order. Yahweh needs no human. I cannot be turned. I will not yield it, seeing you live here. The old way is done. They do not get a place at My table. I will keep them at a distance. Note that different subjects were mentioned.
