

CAN PROPHETS SEE THE SPIRIT REALM?

YAHWEH IS LEADING:

Servant, take a deep look. The world thinks that every prophet would operate the same way. Some would say there are no real prophets because of how old the Bible Books are. There are multiple versions of the Bible and yet there is one main book that Satan gave. See how the Church way has taken many traditions of men and made them into new doctrine. They side with Calvinism. They side with Arminianism and Oneness. They side with speaking in tongues in a certain way. They side with dressing up or not even going to a Bible-believing church. How is anyone supposed to know how to walk? What is the true way?

Some say that Jesus was only a man when He walked the earth, and others say that Jesus was never even a part of the Godhead (Trinity). Some say there are many ways to Heaven and eternal life, while others say that all they need to do is treat others "right," and they will "enter in." Some people think that Yahweh counts all their offerings to determine where I will put them in Heaven. Some people are even scamming people to think that they can actually reserve a piece of land in Heaven! How deceived are these people? Heavily deceived. But so are those who follow those who take them away from following the One True God YAHWEH.

YAHWEH KING JESUS:

I speak to you not because you are special, Seersgate. Just as I told your husband, I protect your way to keep My message (The Age of the Antichrist) safe. Your husband ties into that due to a covenant in marriage. But are you a prophet based on your own will?

No, I call all of My prophets, and they have to choose to follow. I do not make anyone come. Even Jonah chose what plan he would do. And yet, I could have replaced him.

Every prophet of Mine will not have the ability to see the spirit realm as if a layer is transposed over another. People make up stories to fit in, to feel they are included in what they consider a special role. If people knew how I treat real prophets, they would not want that. Every "prophetic voice" is not a prophet. Everyone who hears something or sees an image is not walking in an office placement within Yahweh's order. Pay attention: Yahweh must be the One who reveals what spirits are engaged. Yahweh must be the One who enables a prophet to see. One must not venture off and attempt to engage the spirit realm. Danger can take place that way, going without Yahweh's protection. Wait on Yahweh to bring a seeing prophet forward through activation. Yahweh must lead all spiritual engagement and prophet training sessions.

What does it mean to see?

Here is an example of what it does not mean:

The person sees an image of a car, a road, and a Bible. Without waiting on Yahweh, they play the guessing game. "Let me see what that could mean. I FEEL that God says you should go out and share the Gospel. You are to drive somewhere and tell people about Jesus."

Why is this the wrong way to share something? Why is it against Yahweh to operate by feelings and assumptions? Servant, put that Scripture reference that most people do not like.

(13) You are to be blameless before the Lord your God. (14) For these nations, which you are going to dispossess, listen to soothsayers and diviners, but as for you, the Lord your God has not allowed you to do so.

(15) "The Lord your God will raise up for you a prophet like me from among you, from your countrymen; to him you shall listen. (16) This is in accordance with everything that you asked of the Lord your God at Horeb on the day of the assembly, saying, 'Do not let me hear the voice of the Lord my God again, and do not let me see this great fire anymore, or I will die!' (17) And the Lord said to me, 'They have spoken well. (18) I will raise up for them a prophet from among their countrymen like you, and I will put My words in his mouth, and he shall speak to them everything that I command him. (19) And it shall come about that whoever does not listen to My words which he speaks in My name, I Myself will require it of him. (20) But the prophet who speaks a word presumptuously in My name, a word which I have not commanded him to speak, or which he speaks in the name of other gods, that prophet shall die.' (21) And if you say in your heart, 'How will we recognize the word which the Lord has not spoken?' (22) When the prophet speaks in the name of the Lord, and the thing does not happen or come true, that is the thing which the Lord has not spoken. The prophet has spoken it presumptuously; you are not to be afraid of him.

—Deuteronomy 18:13-22 NASB

YAHWEH KING JESUS:

You have caught yourself lying to Me when I told you, "Why are you lying?" And you were taken back because, to you, the generality in your statement felt comfortable. People today speak generalities.

"How are you doing?"

"Good!"

"How are things going?"

"Just fine."

People have lost the art of transparent speaking and are used to giving a general statement to cover a general placement. What if Yahweh operated that way? What if I said, "I may destroy this group," or "Maybe tomorrow or someday, the battle will be won," or "I think you might be king but I'm not sure because it could be the other person." What if Yahweh talked as the workers who speak presumptuously in My name? And they say they can hear and see. Am I confused about what I want, or are you not able to truly see? This note is not addressed to all, for some know to show honor to My great name.

To the person who gives a disclaimer, the one who says they speak in My name, but then they say to the people, "I may not always get it right": You are wicked.

To hear the word of the LORD is a form of seeing. It's a different way of seeing. What should be the way of the person who had the vision from earlier, mentioned in this document as an example: Wait upon Yahweh to give further insight. If the person insists on an answer, look to see if there is a spiritual weight on your chest. Is Yahweh saying, "Now, say it!?" Does it appear that you are being forced to speak based on a human need, forced to give the person some answer to appease their craving to hear something? Are you afraid to tell them that you are waiting to hear from Yahweh to get clarification? Presumptuous speaking in this quick-fix society. Yahweh is not moved based on begging and pleading to make a person look good in their presentation. Yahweh does not bend to human fleshly ways.

What a person must do when seeing anything or having a thought: as I said, the plan is to wait to get insight from Yahweh as you deal with the person. As you wait, the world will not come crashing down as if a video game is ending and the person has one minute to solve the problem. Waiting on Yahweh ensures the other steps to follow are in order. If you jump ahead and say what you think I could be saying, you are placing your will as the governing agent. You are saying to the spirit realm, "On my own authority, I will back up what I say." Because when you choose not to wait on Yahweh and stand on your own assumptions, there cannot be any backing from Yahweh. You may say, "What about a covenant?" This way of removal refers to the prophet's office, the literal governing

authority, placed into the prophet's mantle that stems from Yahweh. I did not tell you those words. You saw what you hoped or presumed I would say. And just because I say something one way in one setting will not ensure that I will say the same words in another setting. Assumptions. There is no backing when you walk in your flesh.

And to hear the word of the LORD is to see by hearing. I may not have you see a literal vision. I may not transpose the spirit realm so you can have a better story to tell. I may not open your eyes in that way. But that does not mean that My words lack power.

Say only what I tell you to say. After waiting and you hear nothing else, and you have no clear confirmation on how to proceed, do not venture out, stating that I said it. Walking in this office is not the same as operating in the nine gifts of the Great Holy Spirit. Yahweh has placed a blanket over the way of those who are under the Church, those who are not actual office prophets. Those who are not actual prophets will lack the ability to hear and see with lighter restrictions. Prophets should walk in a less hindering way of engagement with Yahweh, not because they are special but because of the calling. The message attached to them requires the enablement to hear and see differently with less filters; the blanket is removed to drink in a different way.

But when you come forward and say, "I am a prophet," or use the words, "The LORD says," you say to the spirit realm that you carry an office placement. You are saying that, but it does not mean I said that. Yahweh must tell you what to say. You cannot declare your hopes and plans and then say, "Yahweh, make it happen." These "I AM" statements are false when it comes to Yahweh backing it. Here is an example:

A person carries great sin and goes to church. They have not reconciled with Yahweh when it comes to their daily living. But today happens to be communion Sunday. The cup is passed. They take the bread or morsel. They partake. A spiritual law is in place. Servant, put My Scripture.

(27) Whoever, therefore, eats the bread or drinks the cup of the Lord in an unworthy manner will be guilty concerning the body and blood of the Lord.

(28) Let a person examine himself, then, and so eat of the bread and drink of the cup. (29) For anyone who eats and drinks without discerning the body eats and drinks judgment on himself. (30) That is why many of you are weak and ill, and some have died.

—1 Corinthians 11:27-30 ESV

YAHWEH KING JESUS:

What does the Scripture reveal? If you are in that state, an unworthy manner, what will I do with you? Will I pay attention to your "I AM" statements? Will I hear your declarations? Would I ignore My law and give you what you want? My law stands. I will not move against it. In the same manner, to presume what I would say and declare it as "The LORD says," and I did not say it, will put your placement in an unworthy manner, and what I will do, I will not listen. I would leave you to deal with the spirit realm, pretending to walk in a governing level Yahweh did not give. I will not back you. And you would be without protection.

Your way of seeing and hearing as a prophet must come straight from Yahweh. You cannot make up something or generalize My statements, saying that I said such and such. You can say, "I will paraphrase a conversation I had with Yahweh, but I am not quoting Yahweh word-for-word," or "I will give an outline from a vision I saw," but do not declare something I did not say, standing in an office placement. Do not walk in the office position in a casual manner.

I will show prophets different ways of seeing. I will make it plain what I want. I will not leave My servants in the dark. I may not respond right away. I may have you wait. And if I do not give further explanation, check to see if Yahweh gives approval to share what little was seen. But do not add to it. Do not make any form of seeing say something you

think the person would want to hear. And if you do not have an explanation, say, "I do not have an explanation."
