YAHWEH SAYS IT:

Hear Yahweh's way. To the man we viewed: be careful. I see how you are zealous for the work of Yahweh, but there must be a real understanding that the way of showing psychics in operation (showing their dark actions) is an abomination. Servant, write the Scripture that is yielded to say Yahweh is not pleased.

"Do not turn to mediums or necromancers; do not seek them out, and so make yourselves unclean by them: I am the Lord your God."

—Leviticus 19:31 ESV

Look, I am not pleased with anyone going to see psychics, mediums, or necromancers. These plans of going to see fortunetellers, palm readers, and attending séances are an abomination to the LORD. I AM. Servant, look at what this person's plan did: he caused My people to view what would make them unclean. The way of his motive to show what a psychic does is not needed to bring the point further. You don't have to show a clip of a psychic doing their evil work as a form of explanation. Should a person view sexual acts and then yield them on their Christian program to say certain acts are not under Yahweh's plan? Do you need to see pornographic scenes and share them with the audience to warn the people of what they should stay away from?

What is the Church doing sharing clips of Satan's workers, playing them in front of the eye gates of My people? Isn't there any spiritual discernment that would bring an awareness to the spirit plan behind what the witches yield? The eye gates do not have a protective seal when you willingly put unclean actions before your way. You, the man who yielded this way, gave a look into the workings of Satan. We cannot honor why he

went this way. He said multiple times why he gave My people a look at Satan's kingdom. But become aware. Become aware. Become alert to how Satan brings a foothold. Actions such as watching whatever you crave will cause an open doorway. And Satan will not care about how you were warning the people.

Abominable actions are weighed as such regardless of the motive. If you watch pornography to teach others about sex, I will still view the act of viewing a plan of an evil nature as the same weight as the sex addict. And viewing recordings of psychic readings and mediums showing off their dark arts will carry the same weight regarding a territorial breach, whether one broken action is for a warning or training purposes while the other is for a craving for the dark arts.

From now on, live a holy plan unto Yahweh. Stay away from going to view psychics and others who walk under Satan's plan of witchcraft. Honor Yahweh; stay holy. Wash yourself in the Word of Yahweh. Come before Yahweh with clean hands and a pure heart. Turn away from viewing any subject rooted in Satan.
