

HEALING ANGEL: THE VISION, MANY YEARS AGO

YAHWEH GIVES THE WAY:

You saw yourself in a hospital room of a very sick patient. It was a middle-aged white male who was terminal. Many sores were all over his face, and you could tell he didn't have too much longer to live. But with you knowing that diagnosis, it did not make an impression with your way.

You were a strong person in Yahweh. And you were not alone in the hospital room with the patient. There, standing with you, is your angel named the **Healing** angel. This angel goes with you everywhere. He has such great power in the way he talks and gives out Yahweh's way. Every word he says is an extension from Me in My healing way. You both looked at each other and smiled.

You were able to look at the **Healing** angel as if he were a flesh matter, not of the spirit world. Then you focused on the sick patient and knew within that nothing will keep

Yahweh's will from coming to pass. My will in the vision was to exude great healing into the people who would drink the will given in the work known as Seersgate.

When he yielded and did not protest you there, that gave a release of great power into the patient's natural clay way. His earthly outer clay—his natural flesh body—needed a re-will, a new way to live. Just speaking the healing prayer, it shifted his natural earth way and replaced it with a created new way from the spoken word given great power in Yahweh. Do you see it? And then, with that way in an order being Our great will to heal, there was a covenant activated to bring healing within the parameters of natural dealings.

Power is the needed element even to start working in the field that Yahweh gives. What took way with the patient? Healing. Instant restoration. And even clearer skin than before he took a sickness. There wasn't a long-winded prayer to fill the time. There was a real way of the calling of Yahweh, placing a **Healing** angel with your work, bringing forth a catalyst way of a traveling healing room.

And that vision, it barely gave you a taste of the power level you will walk in. And that is why I separated you from those fake ways of joining. That is why I removed certain people from under your mantle. And that is why you must heed Me at all costs. Just like the angel just spoke a little while ago this very day, he said, "Believe." That word came from Yahweh into your angel and relayed to your way. These forty angels are not here to just stand around as others think. The Angelic Guard comes with an office-level worker who has a message to give into the earth. You have the way.
