

A LOCAL CEMETERY

YAHWEH SAYS:

Look at the day I chose to have you come to the cemetery. Are you a part of the family and friends who attend to view the recently departed? Your way is trained to deal with real spirit seeing. You have seen the Death spirit, and you can see now how Yahweh uses a demon to hold a dead person under a way known as death.

When a person is in death, they do not have a joining of body, soul, and spirit. A person is all three and not just a soul. Why would I return to resurrect the dead and claim their earthly tent, their flesh, if there isn't a need for you to have that? Incorruptible. Amazing in presentation will be the ones who are raised up into eternal living in My Kingdom.

I want you to consider why you are at a person's funeral, waiting at the exterior while sitting in your car. What if Street Ministry had already taken over, and you were walking in your way of presentation? Would you be afraid to go to that person's coffin, that is partially open, and with My resurrection way, you go and say the words I give? Would there be a fear that nothing would happen? Would I need to beg you to pray to raise any person?

What will it truly look like; how will I prepare you for resurrection work? I will take you into special work that requires no proof. I will give out great surgings without letting you make any "works" plan to gain My attention. That means I will pour out My power whether or not you go to church or sit in prayer meetings. I will pour out My power whether you are healed or fat or wounded. Power will come due to a way of work. There is no striving to gain real power. There is no works-based living that will make Me want to use you in this work.

My power comes with purpose and will not need any human to validate I actually speak. If Yahweh is with you, surely can't He back you? The Cave training is over, and your wait in this old city of Houston is no longer your chain. I dealt with the old way. Now I vow to give you stages of natural presentation.

What will it look like? The people will protest you being in their city. Yahweh will slay irreverent beings against Me, not due to who you are. But people will hate you for what Yahweh does. They will have difficulty embracing the Yahweh presented in the old way, in the ways before the Church era.

But Yahweh is not trapped under a dispensation: I spoke with people who lived before the Law, and I speak with people today. But it isn't your burden to have people embrace this work. I only give you one main view: *preach the Kingdom and prepare the world for the return of Christ*. I will not need you to be My voice of defense. Be an obedient way. Stand as a prophet of old, born as a current way but trained as if dealing with the Yahweh Elijah and Elisha endured.

Yes, I am hard on you. What is noticeable in the conversations we share? How consistent you give Me to the people. It would be contradictory in nature, personality, and structure to speak for Me if you did not actually hear Me. Why? Trying to impersonate Me would falter due to the inability to speak a constant delivery method. If pretending, you wouldn't be able to hold the hearing separate from your thoughts.

And We also have angels give a will, and there must be a way of accurate dealings. I do talk with you. That's why you write as if someone is apart from your thoughts, having a conversation.
