

THE WOMAN WHO IMPARTS DEMONS

February 22, 2022

5:09 p.m.

Yahweh gives a grim warning:

What is she doing, servant? She is spreading him.

Seersgate:

Some warnings are cautionary. Some warnings state what could happen when there is a free-will plan, and no life-threatening spiritual ways would come forward.

Yahweh:

You heard that witch giving you her will. She said that you are powerful. And she is a bride of Satan. How can you hear her ways in a private conversation? That is one of your prophet traits.

Just like a prophet of old, I gain you a plan to be here and still hear these private conversations. But I do not let your way spirit travel to hear these. I literally play back a verbal conversation as if you hear it in person.

That witch has great surgings from her lowercase god, and yet her way is not denying your way of office traits. So, why now? Why activate your hearing on this new level? Many will become followers of how Yahweh gives, but their hearts may not have Our nature way. So, how I need you to have a leading requires not being tricked. Go on with your plan.

Seersgate:

The warning Yahweh gives, it pertains to operating under Kingdom order. Imagine there is a sick person who can transfer a disease from a touch. Their hands have a coating that rubs off on others through contact. The people hug and touch the one with the sickness because they are comfortable with that person's presentation. They seem warm and friendly and could not hurt them. The first impression "feels" right, and there is no checking off within that gives a warning, a caution of a sickness that could lead to death.

Yahweh:

Let Me talk, servant.

The one who gives a new plan has a pleasing presentation. A gentle demeanor, saying kind, gentle words. The way of attack is by a spiritual plan. But no one can prove it—not yet. The one who smiles and says kind soft-spoken words causes many to take in her illness. Her hands, her soft ways are blinding from what scary way is hiding.

If you ripped off her spiritual face of smiles and kind words, there would not be a Kingdom plan from Yahweh revealed.

A demon is now in your spiritual seer plan. I ripped off her fake way of smiles and words of "hope and healing" and put on her the head of a demon with a great number of horns. The demon has very large ears and is in a satisfied way of staying in a human who has a baby-level wisdom, launched into the way of revival from a demon-based outlet.

If I said her name, a great many would have anger. They will know of how kind her words were. Her smile will turn into the demon mentioned, a hard plan of getting deceiving ways.

The one who carries herself as a host has no previous training—an inexperienced plan, given a platform that spreads her impartation from a African warlock.

Witches and warlocks now take on the names of Apostles and Prophets.

How can a church gathering use *manifesting of spirits* as a sign that Yahweh gives power? Great deception. Great spreading of sinful infestations is taking over. The churches are dirtying themselves with a vile action. I did not give that Ka____ lady a surging. She is spreading her way—a blinded child, leading many into deep demon fillings. See it; Christians can take in demons from transfers and impartations.

The revival is a fraud.

What are you to do? Wash the people, not by Yahweh's blood but by judgment and a purifying fire. Kingdom order must come forward. A set-in plan structure of what outlets of revivals are to take on must come forward through a unified action—no rogue outlets letting anyone give impartations.

There must also be a wiping out of the false apostles and prophets I have not called. They are operating on hyper actions and have no real power from My hand. They spread their lies and how they understand My plan with talk. Churches are turning into houses of deception. Each one is doing what they feel works but lacking My backing.

I will not let you lay hands on the commoners. Let them taste My power from My hand as I would will it. Then no one can say you transferred anything.

I will not have demons speak in My meetings. I will not bow down to that practice that is taking over. The churches crave some spiritual engagement; and so, they let demons speak in My services! How can I have pleasure in this? Why would Yahweh let demons speak in His meeting place? I will not allow that plan and let demons speak.

Your actions are to only yield to Yahweh.

If one squirms on the floor, let Me bring delivering actions. Let them squirm, but do not show that demon attention. Here is an example of what I would have you walk in: Susanna says, “Yahweh, welcome here in our hearts, and have Your way with us.” And Yahweh would bring forward a powerful surging that would shake up whatever demon hides within. There might be manifestations, but Yahweh will deal with a demon and will not have your way run over and let Satan’s part gain microphone time or staging. And I would say, “Seersgate, speak worship words. Pray to Me.” And as you pray, sing, or yield, We (Yahweh) will heal, deliver, and set the people free.

Your attention will always be focused on Yahweh. That’s what honoring your God Yahweh would look like.

Come and share Yahweh’s power. Do not let a child have governing leadership ways. Do not let African witch doctors give out their impartations in America, your tester nation. Govern with a firm hand.

Love her but make her understand by lovingly letting her know that her way must renounce that demon impartation and come under Kingdom order. Sit her down. Get her off the platform.

A special note: Sometimes, Yahweh doesn’t say “an” when needed but would use an “a.” It’s not a grammatical error but a note of the actual way spoken.
