

# LET'S JUDGE THE CHURCH

## The Blanket Covering of Hearing

October 2, 2023

12:43 p.m.

I have already told you. The Church way is not given a plan to hear Yahweh talk as if living in the Old Testament. When you hear that God now speaks through His Son, there should be a seeing that a blanket of a spiritual way covers. There is a general filtered way Yahweh deals with the Church in being able to hear. I do not give all the church people a plan to hear Me speak in word-for-word conversations. That is not so.

But there is a real leading of the Great Way that when you deal with Yahweh, you only see and hear in part. But that's where the person should acknowledge that and not make up their own interpretations of what I would say. If you see a word or an image, just say what you are seeing and don't add your own interpretation of what that would state. This is pertaining to those who give out prophetic sayings.

There is a real dampening of the ability to engage Yahweh with prophet traits as if from the days of old. Yahweh would have to enable you to walk in that plan to bring a purpose forward that is apart from the current Church way. So, what the Church should do is end comparing your Christian walk with those of the Old Testament and take a look at the order governed through the servant Paul.

And do not think that Yahweh wouldn't have the ability to bring servants forward who are trained to take on certain tasks to bring adjustment to the current course of how the Christians walk. Take a look at the reformers under the Church placement. They operated in a different manner than the placement under their culture. But look at the blanket hearing and seeing; they were not able to stand fully with written Scripture and ended up splitting the Church into many denominations. If they had a really clear hearing in Yahweh, there would not be this great split.

Now, ALL CHURCHES and denominations have placed up their own traditions of men based on the running of their church house. Some say, "Women must wear a skirt." Some say they cannot let women prophesy because she would break Paul's words of not being able to speak in a church building. Some say, "Because the early church apostles are dead, the way of the Great Holy Spirit is hindered, and He cannot continue to distribute His nine gifts into the Church plan."

Oh, what a great deception. Master Deceiver (a demon) has infiltrated the Church well. How can anyone think they can weigh Yahweh's plan of moving into the era of the Age of the Antichrist? Can dead servants steer this current placement? Yes, Yahweh's Word is sure, and Yahweh still speaks through what is written. If you cannot take a change in a course heading now, then you should dismiss Calvinism and Arminianism. They came into place under the Church order after the early church apostles died away. Are you seeing it? Your own traditions of men.

- "I stand with Calvinism."
- "I stand with Arminianism."
- "I stand with Oneness."
- "I don't believe in saying the word 'Trinity.'"
- "I can explain who God is better than you can."
- "I looked up what the Pharisee really meant, and we aren't Pharisees just like you."

How can you think that Yahweh is pleased with this? Back-and-forth arguing over who is more correct when you all have an issue. How can you say you love Yahweh and hate the brethren? If My servant put in a covenant to attend a conference and later learns of the actions of those others, I would make her stand and attend and say what Yahweh says. You were blinded to think there was an equal footing, yet you say you can hear Me and know all of My will. You know in part. So, with that quitting, why not quit social media and get off of these media platforms that have sinful natures all around? Why stay here on a sinful way of media when you share a platform with a witch or satanic band?

I am no longer going to give you a plan to think We—Yahweh—are pleased with your nature. Did I say you cannot judge? No, not in the way that I hear on these platforms. Test all spirits! How can you recognize Yahweh if you accept everyone? There must be discernment. But pay very close attention: just because you can give a teaching on a topic in its context does not mean you have Yahweh's seeing in the whole matter. You know in part and can know *only* what Yahweh's Spirit gives you. Ask for Yahweh's wisdom, and stop thinking I can bend to your wishes. You know in part. And it's not just those who say I talk today who are being misled.

It is time for a new reformation. I will judge every Church that says they worship Yahweh. Judgments will begin to come forward. I will raise up judges in this day and bring forward office placements outside of the Church placement SOLELY to prepare the world for the return of King Jesus. Concerning this new way, what say you? Should I let you keep your own traditions of men within your church denomination? Should I overlook your praying to dead Christians? Should I overlook your works-based salvation? Should I let you say that Yahweh is only love? What madness. The Church is under a great deception, with a small group trying to get people to pay attention and turn.

Yahweh will push out judgments. I will not bring a real revival in a local church house, for I will move out into the earth and put My Spirit out for a major shift in the moving forward. "Shift" is the correct word for those who say it is a charismatic word to say. Changes and adjustments are shifts that move in the living plan to bring Yahweh's ultimate plan to the surface.

I do not want to use a local church due to how they would think they have it all correct. So, I will leave and move in the earth, looking for those who will turn and serve King Jesus.

This is what judgment means: I turn against you, and My face is not in your direction. Judgment is a form of leaving. And I will go out and give a real call unto a sinner, apart

from the bickering Church plan, and let them hear My will. They will not listen to you, church person, when you are only sowing a bickering plan.

Let the true judges stand up. Let the true workers hear the call and prepare to go out into the fields. Let the worker stand firm in what Yahweh states in His written Word while also staying under the prompting of the Holy Spirit. "Lead us and guide us daily, Yahweh" should be your daily prayer. I will make it a plain way that I am judging the whole Church. For anyone to say these words from Yahweh, there must be a backing. I will not give a date; fulfillment will come when I say so.
